

CombiCleaner 15

New grease duct cleaning machine, specifically designed and made to be used in small kitchen exhaust ducts and cramped spaces.

Based on the same high quality components used in the other Lifa machines; proven functionality and durability.

Brush rotation with a pneumatic motor. Requires just a regular single phase compressor. If Y-gear and 2 stiff brushes are used, then the optimum air power 340 l/min at 7 bar is needed.

Air jetting

Disinfectant and liquid spraying

Foam and gel detergent spreading

Duct sealant applying

Y-gear, for rotating 2 brushes in rectangular ducts

Simultaneous brushing and air-jetting/liquid spraying via integrated hose.

All Lifa brushes for all kinds of dirt can be used with this machine, from soft brushes to the Grease Chopper.

Accessories

6420281012006 Nozzle set		6420281010309 Brush Adapter / brush with nylon center	
36221 Lifa Compressor model 362-20-1P, operates with 220V, 3 HP, 240l/min constant flow, weight 38kg		6420281020551 Scraper plates (5 pieces with one nut connector; Connect to pole single or glass fibre rod 11mm M 12 or one pole of telescope lifting set)	
6420281020827 Connection hose 25m on reel and T-piece with backpressure valve for connecting 2 compressors and pneumatic brushing machine		6420281022319 Scrapers round shaped (2 pieces with one nut connector)	
7720281060038 5 l stainless steel spray bottle		6420281020735 Glass fibre rod; 1,75 m each (diam. 11 mm, M 12 connection)	
6420281013010 Tri Angle Y-Gear (for Hydmaster and CC 40; to rotate two brushes at same time in rectangular ducts)		6420281020728 Telescope pole (single) consisting of 5 parts (length min-max 0,85-2,9 m).	

Brushes

Soft brush (M12 connection)		
6420281012280	Soft brush 125 mm	
6420281012297	Soft brush 200 mm	
6420281012303	Soft brush 340 mm	
Combination brush (M12 connection)		
6420281010668	Combination brush 150 / 350 mm	
6420281010699	Combination brush 300 / 500 mm	
6420281010729	Combination brush 500 / 700 mm	
Most aggressive brush (brush adapter connection), nylon center		
6420281023439	Brush Tynex 200 / 400	
6420281021213	Brush Tynex 400 / 600 mm	
6420281023484	Brush Tynex 600 / 800 mm	
Aggressive nylon brush, 1 mm bristle (brush connection), nylon center		
6420281010750	Grease brush 200 mm	
6420281010767	Grease brush 300 mm	
6420281010774	Grease brush 400 mm	
6420281010781	Grease brush 500 mm	
6420281010798	Grease brush 600 mm	
Grease Duct chopper		
6420281020209	Grease Duct chopper, Small (350 mm) adjustable for ducts 250-500 mm	

Technical information of pneumatic motor

Operating power of motor:	Compressed Air
Rotating speed of the brush:	Stepless up until 500 rpm.
Air consumption of the motor:	Min 200 l/min at 6 bar, optimum 340 l/min at 10 bar
The required compressor:	Minimum 200 l/min / 7 bar
Control system:	Hand adjusted compressed air valves
The change of the rotating direction:	With the compressed air valves
Brush connection:	M12
Nozzles:	¼" Quick coupling
